

Driving business agility through knowledge & technology

knowledgedevelopers | **technology**drivers

Taking on challenges of the future.

The Sapura Group – 30 years of experience and a pioneering fortitude.

Our approach has set the pace for others to follow. As we pursue, we share our wealth of knowledge, confident that what we impart today will drive Knowledge & Technology for the benefit of our partners.

Ideas do not come to those who wait. They come to those who *innovate*.

We have been innovating since 1975. From our beginnings as a telecommunications infrastructure & services provider, we have expanded and diversified into industries that include Information and Communications Technology, Energy, Automotive, Knowledge & Education as well as Defence & Security.

And we continue to grow, strengthening our position as dependable technology advocates. Backed by our determination to be ahead of the curve, we leave our mark as the leading Knowledge & Technology Group.

What moves us? *Our passion.*

We know who we are, and we are steadfast about our beliefs and values.

Over the years our people have been defined by a common set of qualities – qualities that collectively differentiate us from our industry peers. They remind us of our heritage and form the foundation in us *seeking new routes to discover; fresh ideas to unravel* – to serve and grow with our customers and stakeholders.

Honourable
Professional
Resourceful
Resilient
Agile

Growing your business is *our* business.

We are here to make your vision a reality.

We help you grow, through ideas and solutions that *you* want, meeting and overcoming challenges *together*.

Our Knowledge & Technology
drive these diversified industries

ENERGY

An integrated oil & gas service provider

SapuraCrest Petroleum Berhad is an integrated technology and services provider to the oil & gas industry, with wide-ranging competencies throughout the value chain; from exploration to retail.

We serve all the oil & gas majors, supporting their presence throughout the globe. We have an excellent safety record and strive to deliver unrivalled services in this vital global industry.

Our people's knowledge and innovative use of technologies support the following activities:

- Off-shore Oil & Gas Drilling Services
- Installation of Pipelines & Facilities
- Marine Engineering Services
- Marine Transportation
- Plant & Well Maintenance
- Turbine Maintenance & Refurbishment
- Automation & Systems Integration
- Specialist Tools & Services

TECHNOLOGY

Innovators for a growing economy

Sapura Technology Berhad has a proven track record in delivering technology and services to diverse industry segments such as telecommunications, education, agriculture, transportation & logistics, banking & finance and government.

Our innovations enable enterprises and government machinery to be more responsive to their stakeholder demands.

Our technology competencies are delivered through these services:

- Systems Development & Solutions Integration
- Managed Operations & e-Business Enablement
- Fulfilment Assurance & Operations Support
- Mobility Business Solutions

INDUSTRIAL

At the forefront of design & manufacturing

Sapura Industrial Berhad is a key supplier and innovator in the technology-intensive automotive components manufacturing.

Our competitiveness and ability to meet rigorous quality demands of the industry have made us a preferred partner to global automotive players, supplying them with top notch components and parts that go into class-leading products.

Our knowledge of the industry also extends to automotive sales & services segment, where we represent global brands on the ground, meeting and exceeding customer demands.

Sapura Industrial has competencies in:

- Automotive Components Design & Manufacturing
- Automotive Steels
- Specialist Design & Manufacturing
- Automotive Sales & Services

KNOWLEDGE & EDUCATION

Investing in human capital

Sapura Resources Berhad has evolved into a strategic investor of human capital development through education and training services.

Human capital and innovation capabilities are critical resources that fuel the development of economies. At Sapura, we do our part in encouraging and nurturing intellectual growth through innovation and technology.

Sapura Resources offers its services through:

- The Asia Pacific University College of Technology and Innovation – set to become a leading institution of higher learning for the region
- The Asia Pacific Institute of Information Technology – since 1993, a leading tertiary institution that has regional presence

DEFENCE & SECURITY

Supporting defence & security readiness

Sapura Defence Sdn Bhd offers a range of products and services that complies and exceeds the stringent standards of the defence & security industry.

As a reliable defence & security partner, we have made great strides in developing indigenous technologies that find applications in critical systems.

Our competencies cover the full lifecycle of the systems and products that we deliver – from design, development, production, integration and operations to maintenance & support.

Our Knowledge & Technology span the following:

- Simulation Systems
- Communications & Information Systems
- Electronic Warfare
- Surveillance & Air Traffic Management Systems
- Maritime Electronics
- Training & Competency-building

Opportunities are the beginnings
of great things to be.

Our drive has seen us open new windows of opportunities, establishing lasting partnerships with local and world-renowned companies. We continue to embrace new ideas and seek new relationships, conscious that they add to our wealth of knowledge and breadth of technological capabilities.

Because the difference is Knowledge & Technology.
